

Submitter: G. Lair

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I was incredibly relieved when Oregon finally made this year's COVID vaccine available. I would have gone to Vancouver to get mine, but could not because I'm on OHP. I understood to some extent why Oregon was waiting, but it was still a stressful time. As the federal recommendations become more and more unreliable for this and other conditions, it will be a relief to know I live in a state that takes the health of its residents seriously. Thank you!
