this was suppose to be in Novmber. it said on the petition it was for the November ballot. now in desperation you want to try and force it through in May. it's not a money problem, it's a lack of leadership problem. you people have a spending problem, not a revenue problem. like the rest of us, if you can't live within your budget you do without. keep it on the november ballot so the majority of oregonians will vote on it and do away with the democrat control finally.
