Nearly 250, 000 citizens of Oregon have spoken and signed the petition to be put on the Nov ballot and that's where it should stay put. Democrats and Tina Kotek don't want to see a tax bill up against all the names as well up for re election. The voters are sick of Kotek's unconstitutional tactics and have had enough of her games. Business owners are packing up and moving out of Oregon as well as big companies on account of her. The people have spoken and this government and Kotek need to stop their unconstitutional tactics and be held accountable. It's time you people listen to who you are supposed to represent. Kotek is trying any trick possible to get this moved to the May election as she knows less people vote in that election than the Nov election. What does that tell you is she scared she's going to lose if it's all on the ballots in Nov. Exactly what she's afraid of well too bad this is overwhelmingly a voice from the people who have said what they want. We are done with the corruption and misrepresentation from your legislatures and this so-called governor Kotek who can't even run a state. Time to listen and we have spoken. Vote NO on this SB 1599 leave it alone on for Nov. Election.
