Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or  
Topic: SB1599

For the first time in my life I helped circulate a petition because it was that important and affected me and future generations that much. This petition explicitly named the November 2026 General Election. Moving the vote undermines voter intent and public trust. Major policy decisions should be decided when the most voters are participating. If the shoe were on the other foot your democrats would be crying foul!
