Measure, Appointment or Topic: SB1598

To the Senate Committee on Healthcare,

Thank you for the opportunity to provide public comment on SB 1598. I strongly oppose this bill and ask you to vote "NO."

Mandates do not serve the public well.

SB 1598 does not recognize the fundamental role of parental rights, informed choice, medical discretion, and individual physician oversight.

SB 1598 represents a significant overreach of government authority into the personal lives and healthcare decisions of Oregonians.

VOTE, "NO"!
