Topic: SB1599

On November 10, 2025, the Elections Division received Referendum Petition 2026-302, proposed for the November 3, 2026, General Election.

Over 250,000 Oregonians signed this petition that stated it would be on the November ballot. The petition process is specifically in place to give voters a voice. By moving the ballot measure to the primary election with traditionally low turnout, it signals that you dont want to hear that voice. Oregonians that signed the petition will be looking for it on the November ballot, not the May ballot. You are taking away their voice.
