I am greatly disappointed that the legislature wants to change the rules of when the vote will take place over the citizen's referendum. We as citizens followed rules to express our opposition to a law that was passed including the set time for the voters to vote on the repeal. Now, the legislature wishes to change the rules to put it on a special election which is against the dates for the voting on the referendum.

I oppose the greatly increased fees and would have signed the repeal petition if I had the opportunity. I look forward to voting against it in November according to it's original designation.

Thank you.
