

Submitter:

Jason Jantzi

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

Thank you for the opportunity to offer comments. Our multiracial family of four registered voters opposes this bill at this time for two simple reasons. The first is that the short session is not the place to debate complex health legislation due the amount of time allocated for debate and discussion. The second is that the legislative branch should not be in the business of legislating healthcare. This is and always should be a discussion left to the patient and healthcare professionals. Democrats continually tell us that these decisions are made in the privacy of the doctors office therefore legislation should not be used for the purpose of enforcing certain procedures or medical decisions. The law should be written to allow for the greatest possible liberty of the individual made in consultation with their healthcare professional and their own conscience. We oppose this bill.
