Please do not move this to a "special" May election.

By moving it to May, candidates that are running for office in November know that voters have short attention spans and therefore will have forgotten about the tax implications.

And we all know that most candidates that were in favor of these and other Tax and Fee increases do NOT want to campaign with the implications of people voting ya or nay on this abhorrent tax and fee increase.

Please do not dilute the message the Citizens of Oregon have given to the politicians of Oregon by allowing this to be settled before candidates start their true campaigns. Make sure they campaign with the knowledge that the fate of this massive tax and fee bill will be decided at the same time as future of their political careers.

Thank you for listening to the Citizens of Oregon.
