2026-302

Measure, Appointment or Topic: SB1599

We moved from California due to oppressive taxation and we love living in Oregon. We want to make Oregon our forever home, but if the state moves toward policies that we saw ruin our home state of California- we may be forced to move again. We strongly feel that taxation without representation (like the transportation bill) is unconstitutional and that the Oregon legislature needs to look balancing a budget by better expense control rather than continuing to fill shortfalls by taxing the working people.
