Topic: SB1599

Legislators should hold themselves to the same level of account expected of the signature gatherers, who must make available to the signers all of the information they are signing on to. The petition said it would be on the November 2026 ballot if successful, not May. Do not disrespect the citizens of Oregon by changing the contract to which they have already signed their names. Instead, stand up for the people you represent and demand our agencies stay on budget as well as focused on the tasks they were actually designed for.
