Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

I urge all committee members for SB1599 to vote NO. Vote NO on SB 1599. Keep the vote where voters were promised it would be. This move by the committee has the distinct appearance of trying to subvert the will of the the many thousands of people who signed the referendum to oppose the transportation bill by moving the vote to a May ballot. May voter turnout is historically lower than November and voters who signed the petition did so with the expectation to vote on the transportation bill in November, not May.
