We signed petitions specifically to have this issue on the November ballot and overwhelming numbers of supporters were submitted. In what world is it ok to propose a different date than the one signed and submitted? Your proposal will circumvent any opportunity for public testimony and also will disenfranchise everyone registered as independent if this is put on the May ballot . Their only opportunity to vote on this is the November ballot. Absolutely undemocratic, unethical and possibly also illegal. The people have spoken. Respect that. We are sick of back room politics.
