Topic: SB1599

I am writing today as a Voter in Oregon who has a small business that requires a lot of driving to serve customers in their homes. We already have a higher cost for fuel than most of the Nation and I am opposed to this current tax that Oregon is trying to burden its constituents with. Please stop playing games and trying to force this tax onto us. We don't want it. You are not listening to the Voters who put you in office. This erodes our trust in the system.

Respectfully,

Jennifer Gillette
