Topic:

The voters voted on this please do not vote Yes on this referendum ...she's only attempting to change it to prevent her name being on the ballot with it. I hope that you as representatives realize what ann absolutely awful governor We have.... Its time to step up to the plate and help Oregon be better.

Please think about all the reasons you wanted to be where you are and why people voted for you. Governor Kotek is not the leader we need..I am a dedicated Republican however, if there was a good Democrat that stepped up to the plate, I'd be happy to vote for them as well, but they would have to convince me that they didn't want to be in that role to rule us and con us. I want to hear you say you're doing the best for Oregon. I never want to hear her say again. This is what the people want cause I am part of the people and she has not what I want.

Thank you for consideration of this matter it is imperatively important that you stand up to her and do what is right
