

Submitter: LT Ryan
On Behalf Of:
Committee: Senate Committee On Health Care
Measure, Appointment or Topic: SB1598

To intentionally not use an inert placebo...proves clear intent to manipulate information for profit...& away from accuracy & safety. It intentionally hides dangerous adverse events(including death) from being attributed to the ??product they want to sell...by claiming the same amount of people died or were injured the placebo group...but that is because they gave the placebo group poison??too...instead of an inert placebo that doesnt effect the body at all.

<https://www.facebook.com/share/v/1GqRnmrAhE/>

To intentionally only study ??s for 5 days(like the majority of ??s on the US childhood schedule) instead of the minimum 10 years that needs to be required prelicense...due to bribing politicians to not be liable for mass murder...& to intentionally use small sample sizes in order to intentionally hide safety risks...proves clear intent to cause harm upon children.

To intentionally never research the cumulative ??s given at once...or the accumulative effects of 72-96 doses ??before the age of 18...is clear intent to cause harm upon children.

To intentionally allow serial convicted felon big pharma companies to bribe politicians, doctors, regulatory agencies, & medical boards with \$billions\$ every single year to not be liable for mass murder or permanent injury since 1986...instead of spending the same \$ ensuring products are safe... proves clear intent to mass murder & cause permanent injury. Anyone attempting to pay \$ to not be liable for murder...needs to be put in prison for conspiracy to/attempted mass murder.

Anyone still supporting this attack upon children needs to do the actual research...or shut their fcking mouths...& stop inciting violence upon children!!!

Millions of people are dead internationally from the cv19 ??s & all the actual international science now exists to prove that. All children internationally without pre-existing comorbidities had 0% chance of death from cv19 itself...but the cv19 ??s have murdered & permanently injured many children internationally. STOP inciting violence upon children with your false parroted big pharma funded murder for profit lies!

According to pfizers own data given to the fda...& obtained by ICAN winning 2 lawsuits against the fda...pfizer knew in Feb 2021 that its cv19 ?? had already murdered at least 1223 people. Yet, pfizer, fda, cdc, nih, who, big pharma, wef,

gates, fauci, schwab & the entire criminal medical system decided to lie to the public...& they even forced it into children attending public school and into many work forces & military...in clear violation bodily autonomy & international law protected informed consent.

Removing -55 doses of ??s from the US ?? schedule that was being illegally(violation of bodily autonomy/no proper studies/ no proper informed consent) forced into all public school children in some US states & illegally(no proper studies/no proper informed consent) told it was necessary in all the US...IS A STEP IN THE RIGHT DIRECTION!

There is now a Federal Rico lawsuit filed by Children's Health Defense for these crimes. We must not allow serial convicted felon big pharma companies to dictate what happens to children & not be liable for murder/permanent injury caused by ??s(making them liable & protecting informed consent is necessary to ensure safety). Please protect our Doctor Patient relationship, our Constitutional Right to Bodily Autonomy, & our International Law protected Informed Consent.
