Topic:

California is in shambles, Seattle, Washington is a lawless hellhole. Oregon is run by the far left only because the large cities have a population of far left leaning fanatics and minorities who contribute to more delegates than those that live in areas where the populace is spread out more. This leaves us with less representation. Mail in voting us ripe with fraud. Democrat governors not honestly chosen. That is how Oregonians feel. We have not been given the opportunity to go to vote on issues you know would fail if we did. This is the issue here. You have doubled licensing fees, property tax rises and property value decreases, you use our tax dollars on things like abortion and illegal aliens because YOU chose to. We have no say. You are doing it again now. No more! I am retired living on social security and can no longer afford to live here. You don't even give us a break on property taxes. Bend is becoming another LA, Portland, Seattle with crime creeping in and hate abounds. Leave the gas tax alone. You already mishandle everything else you touch.
