Measure, Appointment or SB1599  
Topic:

As a tax paying legal citizen of this country and state, I oppose any legislation that changes the law overseeing petitions already signed in Oregon! My friend and I were involved in getting Oregon citizens knowledgeable about our Governor's gas tax and every citizen we talked to was 100% AGAINST THE TAX and outraged by the thought of it! Not one person was unwilling to sign the petition. I have never seen this result ....ever, in my 65+ years living in Oregon!

Republicans, Independants, and Democrats alike here want this tax killed... period! How dare you left leaning legislators try to quickly change the voting date to try and get this additional money out of our pockets before citizens can be better educated before a vote in Nov. '26! It seems that when a bill comes along to benefit Oregonians' lives and bank accounts... you drag your feet in protest!
