Committee:	Joint Special Committee On Referendum Petition 2026-302
Measure, Appointment or Topic:	SB1599

Nearly a quarter of a million people signed the petition in a very short period of time. This should tell you something. Apparently you just can't see it. This was a very unpopular tax and the people are opposed to it and want to vote on it. The Governor did everything she could to obstruct the signature gathering and it didn't work! Again the people want to vote on this at the AGREED TIME. This is an election year
Senators! Vote no!
