SB1599

To whom it may concern:

I am highly against this legislation to move the People's petition to the May election. We work so hard to get these signatures and to put this in the election that will have the least amount of is not fair. The people's petition should be in the November election. This is a strategy of the governor to ensure this does not get past. I do not agree with this at all. Please oppose this legislation.
