Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or  
Topic: SB1599

I reject SB 1599. The referendum was meant for the November ballot not May. The entire way this Legislature has gone about appropriating money for ODOT is wrong. Everything from the special session, delaying the vote, delaying the signing of the special session by the governor. We have spoken as a community and like normal fashion your body tries to ignore us.
