Measure, Appointment or SB1599  
Topic:

I am against measure SB1599 being moved from the November Ballet date to the May Ballot date. Oregon voters have voted to have this on the November Ballot. You have not given adequate time for voters to reply to your attempt to circumvent the voters demands.

This attempt is against the voters rights and requests. You, as the Oregon Governor, are not allowed to circumvent the voters rights. You have one job, that job is to take care of this state. Your attempt to disregard the voters rights is disrespectful and unlawful of Oregon's voters. Your mismanagement of the tax payers and the states funds does not give you the right to just raise tax's because you cannot be financially prudent. You should never have purchased the Rose Quarter with tax payers money because you did not want a out of state person "moving" it out of Oregon. This is just one example of your mismanagement of funds. Now you want to cut Emergency Services to bail out the poor choices you make.

If you were in the privet sector and poorly handled funds like you have as Governor, you would be fired and mostly prosecuted for fraud.

Sincerely Ed Brock
