On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I support this because it will make it easier for people to get vaccines.

I support this because it will give me a peace of mind that my child won't get exposed or super sick, which may lead me to miss work if my child becomes sick.

I support this because I want to give my children the protection and prevent them from suffering from these sickness with having access to preventable health services.

I support this because I want to make sure that I have the access to these preventable health services so that I can help prevent the spread of sickness and help protect my family.
