Topic: SB1599

Dear Joint Special Committee:

Please stop trying to subvert the will of the people by moving the election date to a low-voter turnout time. Oregonians have made their position clear that they are against the additional taxes and fees as proposed by the transportation bill.

A statewide audit for fraud, waste and abuse is long overdue. This may find funds to cover what is needed here and before asking for any more taxes from over-taxed Oregonians! State and local governments' main responsibility is for the maintenance of infrastructure, policing and public safety not special-interest projects or single party dictates.

Thank you for your attention to this matter.
