

Submitter: Capt Brad Fry

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

We went thru hell since 2019 prepandemic. So many have been affected negatively by vaccines. So far the long covid from vaccines and the covid disease are in the millions. Some will never recover. ME/cfs is present in this cohort as well. Slow down, think and provide 100% help to the victims. At least one in 300 will be hurt. And nothing will be done to protect our students.
