Measure, Appointment or SB1599
Topic:

The people of Oregon have made a great effort to be heard on the general election ballot regarding the gas tax referendum (HB3991). Changing the date after this information has been submitted through the proper channels is inappropriate and disregards the voice of your constituents. Declaring it an emergency is also not warranted. This appears to be an attempt to thwart the will of the people by moving SB1599 to an election which historically has lower participation. I strongly oppose this bill as do many others in my area.

Thank you for listening and heeding the voice of the people you were elected to serve.
