Topic: SB1599

Legislators work for US, the people. You are ignoring the will of your constituents. Moving the election date to the primary election held on May 19, 2026 thwarts the will of the people who signed the petition. Seems like sour grapes because the Democrats are upset that the people spoke up to stop the legislator from implementing an increase in vehicle fees/gas tax to handle the DOT shortfall. I oppose your attempts to change the election date. Do the right thing and leave the measure on the November ballot! Thank you.
