Topic:

SB1599

We are against moving this issue to the May 19 primary ballot because fewer people will see it to vote on it. We feel it is a dishonest move by the Kotek administration to move this very unpopular issue away from their names and the attention that it would get on the November ballot. It is grossly unfair for them to disregard the will of the people and ram this through without the attention it deserves. It's an intentional attempt to disenfranchise voters again.
