

Submitter: Rosemary Alden

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

I am an 83 year old woman with serious concerns about mainstream medical procedures.

I am appalled and apprehensive about bill SB1598 because I believe in MEDICAL FREEDOM of choice.

I am totally opposed to unelected public health officials making decisions about my healthcare, especially in regard to:

- mandates about vaccines, masks and the like
- overriding doctors' relationships with their patients

Are you willing to kill SB1598, and instead support medical freedom of choice for all citizens?
