Measure, Appointment or Topic: SB1599

The issues are simple, and you know them and are trying to subvert the will of the people. The Peoples' will has been established, under law, and this matter has been properly slated for the November 2026 election. Your efforts are dishonest, to say the least, in now attempting to subvert the will of the People by seeking to move not just the issue to the typically very low turnout vote in May 2026, but you are doing so in a manner to also thwart any legitimate challenge to the language which will be used to "represent" the pros and cons of the measure in the voter pamphlet. You are all sworn to uphold our laws, defend them, and to not misrepresent or subvert the interests of the People of Oregon.

Ask yourselves this: if such efforts as this, and your other existing efforts to subvert our laws and rights as U.S. citizens are to be tolerated any further, then any efforts you might seek to be treated as in violation of law is meaningless, and must, by your examples, be equally tolerated. And permitted. Your parents must be so proud to have raised children such as yourselves.
