Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

Over 250,000 Oregonians signed this petition specifically calling for a vote of the people in November. The fact that there is a bill calling to change that to a historically low voter turnout date is disappointing enough, actually holding this hearing is ridiculous. This matter is an outright waste of the limited time allowed in short session and really was never supposed to be up for debate. There is enough distrust in government already, allow the people to speak as they intended and regain some credibility. Please do the right thing.
