Measure, Appointment or
Topic: SB1599

Good morning,

I am stating my opposition to moving of Referendum Petition 2026-302 the primary election on May 19, 2026. I as one of the registered citizen voters of Oregon, signed this petition because it was under the understanding that the referendum would be voted on this November in the general election. This looks like another process started by the Oregon Legislature to subvert the will of the Oregon voter with another questionable procedural process.

Will you please consider the consequences of how this proposed rescheduling will affect the voters of Oregon, and in turn how they will respond in supporting you in upcoming legislative activities, including your possible re-election?

Regards,
