The people of Oregon have spoken. As the representatives of the people your careful use of tax dollars is your responsibility to your constituents. We have made our voice clear. Your gas taxation now sits 12th in the country. Instead of reigning in waste and abuse, you would again increase our taxes against our will. This is not governing the resources yielded by the work of the people of Oregon, but wasting it and demanding more. Your state is becoming less and less affordable. You will continue to drive out producers and import lower income earners, thereby running this state into greater spending and deficit. Keep the vote where Oregon voters were promised it would be.
