Measure, Appointment or Topic: SB1599

I feel this effort to move this issue to the primary vote in May is rushed, unnecessary, and contrary to what the referendum indicated, that the issue would be brought on the November ballot. Moving this to the primary ballot in May feels unethical and dishonest by the people trying to do so. It makes me and others I know who are in need of additional information, feel like they cannot trust the Oregon State Government that is trying to do this.
