I OPPOSE SB 1599!

250,000 voters signed a No Tax Referendum that clearly state we all wanted this to appear on the November General election ballot!

If this is passed, we will not have time to present arguments in the voter's pamphlet. It's almost as if this is by design in an effort to pass a bill upon the people that the people clearly have stated they want this on the November ballot!

To those legislators supporting this type of activity and shoving this bill through two hearings in just 2 weeks, appears to Oregonians as if their voices do not matter. Is this true representation of Oregonians? I say no. Anyone allowing this to pass on obviously does not represent the people because you are not listening.

It's time our legislators listen to what the people want and work for the people instead of their own interests.

Please DO NOT Pass this bill.
