Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

Considering that there have been 38,983 covid vaccine deaths reported with 222,078 total hospitalizations, and 1,673,223 covid vaccine adverse events recorded in VAERS through 1/2/25, this measure is indefensible in any way. There have also been 74,405 people permanently disabled; these are not promising statistics. Don't gamble with our kids and our future.
