The people have spoken. We have all the required signatures to allow us the vote against your gas tax increase on the mid term November 2026 ballot. It has to be on the November 2026 ballot or you will not be listening to your constituents and democracy will die in Oregon and you'll be considered a dictator. Remember no kings? Remember threat to democracy? This would be a true example. You have no constitutional right to usurp the people. Make sure the gas tax choice is on the November ballot. The gas tax is already one of the highest in the nation and should be lowered to no more than 10 cents per gallon! Thank you for doing the right thing.
