Committee: Joint Special Committee On Referendum Petition  
2026-302  
Measure, Appointment or SB1599  
Topic:

I am against changing voting on this bill to the primary election. While collecting signatures for the petitions, an overwhelming number of citizens were very upset with the governor and the Democrat party for the business in this state being conducted so poorly. Not only for this issue, but numerous others. They consisted of Democrats, Republicans, Independents, and a surprising number (too me) of Union members. A NO vote on this measure would be the proper vote. That would be the for all Representatives, no matter which side of the isle you are seated on. You now have the citizens attention!
