We Oregonians rallied to have this problem of excessive burden of taxes to be on the November 2026 ballot so that we can vote on it, so that is where it should be because that is what we want. You work for us we don't work for you. You must stop pushing things on we people to make our lives worse than what they already are. Why don't you try living like we do! I vote to never pay taxes again, it is illegal anyway. You need to take responsibility for spending your money in appropriate meaningful ways and not grab everything you can from us to pay your nefarious ways of governing.
