Committee: Joint Special Committee On Referendum Petition  
2026-302

Measure, Appointment or Topic: SB1599

The people of Oregon signed a petition with a very clear date and election posted on each and every sheet. An attempt to change a legally binding document AFTER it was signed by over 200k Oregonians, and validated by the SOS, is highly unethical and one can hope will be ruled unconstitutional. If you want to try to change how future petitions would be placed on ballots, go for it, but to try and pass legislation to change the contents of a document signed AFTER the fact is just another example of how representatives in Salem are working against the voice of the people.

I strongly oppose SB 1599.
