Topic:

This proposal sneaks a very important issue in that has the potential to destroy our already teetering economy in Oregon. As a business owner, I've directly observed the bloodletting that has occurred due to loss of businesses, dwindling tourism due to rising local costs, unfavorable national attention to high profile cities and poor behavior, etc. Sneaking this bill in early to pull it away from major visibility of incumbent politicians running for office is obvious a partisan play to catch the voter at the least observed moment in the voting process. A sneaky tactic to weaken an already jaded voter base. It was brought to the populace to vote on in November. Stop with the sleazy tactics and let the best chance for a bi-partisan participation in the process.

Respectfully,

Michael Angeli - Business Owner
