

Submitter: Janet Johnson

On Behalf Of:

Committee: Senate Committee On Health Care

Measure, Appointment or Topic: SB1598

RE SB 1598, I TOTALLY OPPOSE IT because:

It grants broad power to unelected public health officials and promotes mandates and forced compliance without individual consent.

Personal health is a choice. No one should be forced into a medical procedure, including injections of toxic substances. Insurance companies should not be required to pay for poisonous procedures. My body, my choice.
