

Submitter:

Mary Maley

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

Please oppose SB1598, a bill that promotes authoritative overreach in healthcare. Stop pushing vaccines that have proven harmful for many children, either causing immediate harm or death, or chronic, lifelong disease. Allow the time-honored doctor-patient relationship to supercede public mandates of one-size-fits-all "health care."
