

Submitter:

JAYA VENKATARAMAN

On Behalf Of:

Committee:

Senate Committee On Health Care

Measure, Appointment or Topic:

SB1598

As a pediatrician, I have seen firsthand the devastating and entirely preventable loss of life caused by vaccine-preventable diseases. The vaccination schedule exists to protect those at greatest risk, and barriers to access put vulnerable children in harm's way. SB1598 is an important step toward ensuring that no patient is denied essential, evidence-based care. I fully support this bill so every child receives the protection they deserve.

Thank you

Jaya Venkataraman
