Measure, Appointment or SB1599
Topic:

Ordinarily born and raised in Oregon, where seems we had no liberals in 1950, at least not to my knowledge. I am against this bill SB1599, as are many Republicans, due to the raising cost of everything it seems.

I am retired and the cost of increasing anything is making it hard for anyone, I worked in the automotive and retail fields for the past 40 to 50 yrs, seems since many are returning to work due the cost of things, (fuel and licensing fees).

I vote for this bill to go down in defeat, as our family is struggling to make ends meet, without returning to the working field

Democrats i have voted for previously depending on there stance, however , I pray for our Government, to make good decisions.

God Bless
