SB 1599 is Third World level corruption. It's understood that politicians in power will act on self interest. It happens in Mexico, it happens in Somalia, and it happens in Oregon.

But this is America darn it. And in America, our grafts are supposed to be more sophisticated, more nuanced, less ham fisted and transparent. SB 1599 is a payoff to the unions who put boots on the ground for the ruling junta and provide money extorted from union members. This is nothing new. What IS new is the complete lack of cover that a good PR machine can provide. Really folks, when you are sticking it to the people we expect better.
