Measure, Appointment or Topic: SB1599

We the people already voted this measure down and it somehow got put back in play and tried to pass it without we the people. So we gathered enough signatures to get it put back on the November ballot only to have are voices squashed again by moving the vote to may Oregon is one of the highest taxed states in the country and we already pay more than enough for the state to delegate funds for the people of the state. Instead of more taxes being levied on the people of the state you should do the job you have been elected to do and use the tax dollars you already receive for the programs you wish to fund.

Sincerely Robert Wilson
