Moving this to the May ballot would go against what those of us wanted. A quarter of a million of us signed a referendum that clearly stated that we were signing to have it on the November ballot. You would once again be ignoring the will of the people by overriding what we want. All who voted for the transportation bill and are up for election in November should have to be on the same ballot with the disastrous bill so Oregonians can send a loud and compelling message to you. Quit abusing your power and being bullied by Tina.
