the verbiage in the gas tax recall stated that the recall vote was to be placed on the nov 2026 ballot. i totally oppose placing it on the mid term ballot. the only reason that the governor and the dem legislators want it on the mid term ballot is because if it is on the nov ballot it will make the governor look bad when running for re-election. plus, there are 60 % less people voting on the may election. please fallow the recall vote date on the recall 250,000 ballots.
