SB1598

This bill is one huge human rights violation, starting with the Nuremberg Code on Voluntary Informed Consent and running through covered-up vaccine injuries and the sickest population in the developed world.

The only civil right still available in Oregon is the right to change your gender.

The reporting rate for vaccine injuries is less than 1%.

Pharma is a group of serial felons killing and beating and robbing orders of magnitude more people than the mafia. Pharma has corrupted nearly every institution in this country.

How much did Pharma pay for this bill?
